

Newport Backpack 15"

This backpack is the perfect work companion.

A compact & modern backpack

A laptop bag holding a laptop, documents, mobile phone and other work essentials is often too heavy to simply carry by hand.

A backpack is a good solution. This modern backpack is the perfect work companion, allowing you to carry your laptop (up to 15") and documents with you.

Ergonomic experts do not recommend carrying loads heavier than 4 to 6.4 kg by hand, depending on the distance, frequency and one's sex (Mital, et al, 1993).

Protection: it protects your laptop (up to 15") in a separate laptop pocket.

Practical: three front pockets for your keys, wallet and mobile phone. Useful storage and everything close at hand.

Adjustable: the shoulder straps of the backpack can be adjusted to comfortably fit your back.

Quality: waterproof nylon fabric with faux leather accent details.

Sturdy: the zippers and fastenings are made of high-quality hardware.
