hm58 rae

A comfortable and versatile chair for commercial and leisure environments, hm58 is available in many options - stacking skid, four-leg base, or 4-star swivel base and with optional armrests, and as a barstool. The hm58a chair can be stacked 10 high on the trolley, 6 high without.

The preformed FSC-accredited beech plywood shell is upholstered in cmhr foams and can be finished in a wide choice of fabrics and hides. Multi-tone upholstery is available - front and backs can be upholstered in different fabrics.

Steel skid bases, arms and stool base are available in polished chrome, or powder coated white or black; aluminium swivel bases are polished or powder coated white or black - all bases can be specified in any RAL colour or metal plated in polished brass or bronze (subject to minimums).

We offer Fast Track options - 10 working day lead time - on the hm58a side chair and hm58j barstool.

Born in Germany in 1970, Matthias Demacker studied design at Niederrhein Polytechnic at Krefeld. After graduating, he moved to Munich where he gained experience in a number of design consultancies and interior design studios before setting up his own practice. He has received many international accolades including the Interior Innovation Award and the Red Dot Design Award, and is working on furniture and product designs for clients across Europe. The hm58 and hm59 collections were developed with Hitch Mylius in 2009.
