# 4 leg tables

Activity: individual, groups up to 12 people

Ideal for: desks, drop down workspaces, meeting rooms, dining & social areas, third space

Available with rectangular or square worktops at fixed height, Meet4's 4 leg tables are a modular table concept with restrained, minimalist lines. They are an ideal base element for organising modern, multifunctional work environments.

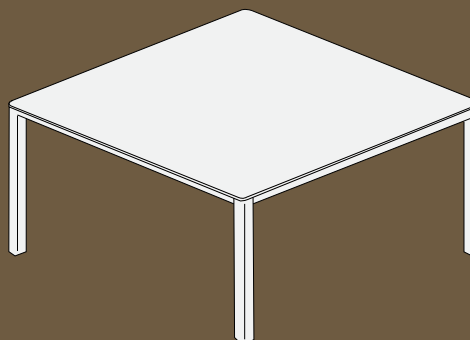

Meet4 seamlessly adapts to new, rapidly evolving work structures and allows any desired configurations to be quickly assembled in combination with other elements. Fixed height returns are available for these tables, should they be specified for use as a workstation.

Accessories:

- Modesty panel
- Screen panel
- Cable trays
- Adjustable CPU holder
- Desktop power & data unit

Available in numerous sizes.

# Flip-top nesting tables

Activity: individual, group

Ideal for: flexible cellular offices, large meeting rooms, training and multipurpose spaces

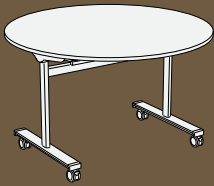

For the more demanding workplace where flexibility is required, Meet4 mobile flip-top tables are the ideal solution. Strong and stable, they can be easily operated and moved by one person, nesting neatly together for storage when not in use.

Flip-top table worktops come in circle, semi-circle, rectangle (600mm or 800mm deep) & trapezoidal options in a variety of finishes. Narrower bases can be specified to provide leg clearance when seated from all sides. There are also optional vertical and horizontal cable management trays and a hinged modesty panel, ideal for flexible spaces that need to convert quickly from individual to group working.

Optional components:

- Horizontal cable tray
- Modesty panels
- Vertical cable riser
- Table linking plates

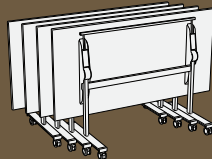

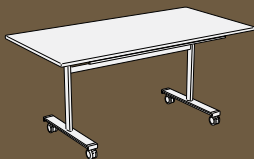

**Circular**  
(800mm-1200mm)

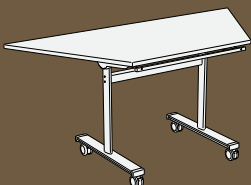

**Semi-circular**  
(1200mm-1600mm)

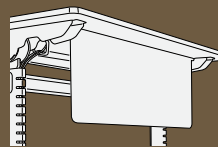

**Rectangular**  
(1000mm-2000mm)

**Trapezoidal**  
(1200mm or 1600mm)

Optional  
cable management &  
modesty panel

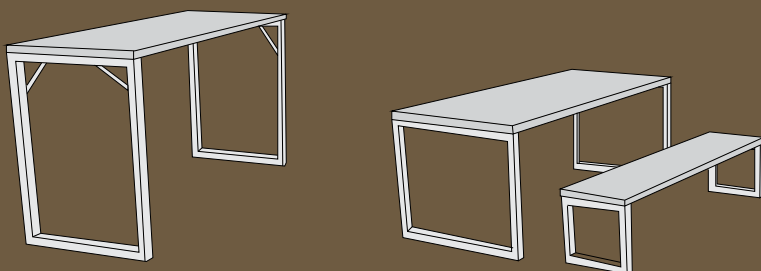

# Hoop leg tables & seating

Activity: individual, group

Ideal for: cafe, dining, social and multipurpose spaces

The Meet4 hoop leg tables is the perfect addition to collaboration, social and dining spaces. Simple in its design and construction, it features hoop end legs and cross beams for greater stability.

Available in two heights, in a range of dimensions and finishes, it integrates perfectly into any workplace plan to provide a casual place for impromptu gatherings and informal meetings. Cable management options are also available to provide desktop power.
