LOUNGE COLLECTION

TAKE5®

Take5[®] lounge seating collection

Mid-Century styling for modern offices

The Take5[®] range of single, two-seater and three-seater sofas are inspired by Mid-Century styling for the modern office. Their pillowed shapes and curved armrests are evocative of a teddy bear, instantly inviting the user to feel comfortable and relaxed. The space beneath the armrests also acts as legroom, allowing the user to pivot to the side. The flat top of the armrests of low back seats are generous enough to prop up a notebook, tablet computer or for the user to sit on. Available with matching or contrasting high backs for added privacy and noise reduction, these sofas can also be fitted with power & USB ports.

Featuring a platform base and angled feet made from solid beech, the collection complements KI's EC4 range of workstations, tables and storage plinths. Matching ottomans, coffee tables and side tables complete the range.

Designed by Jonathan Hindle FCSB | Made in the UK | 5 year warranty
