CREATING EFFECTIVE WORKING ENVIRONMENTS

Acorn

A versatile café/meeting chair

orangebox

Product Description

Acorn's utilitarian aesthetic hides the innovative design thought that's gone into this chair.

Combining the timeless qualities of plywood and tubular steel with a soft-touch injection-moulded back support, gives Acorn a level of comfort you wouldn't expect. Acorn's back support is produced using a bio-polymer meaning it uses less non-renewable resources than a traditional plastic.

Available as either a static chair or a gentle rocking chair, Acorn is equally at home in a cafeteria or in a meeting room.

Product Range

ACORN-S
Static Chair
